

EFFORT TO GET ADVANCE EXAMINATION PAPERS

Decks of Heads of at Least Four Departments at Naval Academy Tampered With.

INQUIRY NOW IN PROGRESS

Superintendent Fullam on Witness Stand Before Naval Board, and Will Resume Testimony To-Day. Investigation to Be Far-Reaching.

ANNAPOLIS, June 7.—That there was reason to believe attempts had been made to enter the desks of the heads of at least four Naval Academy departments to obtain examinations in advance was the main point given last to-day by Rear-Admiral Fullam, superintendent of the academy, before the naval court of inquiry appointed by Secretary Daniels to investigate conditions of irregularities with reference to examinations.

Authorities believe only one attempt succeeded, and this was in the department of modern languages.

Investigation of charges of irregularities in examinations at the Naval Academy will be far-reaching, and possibly will last at least ten days, it developed at the first day's session of the court of inquiry appointed by Secretary Daniels.

The reading of the records of these taken before the board of investigation appointed by Rear-Admiral Fullam, superintendent of the academy, occupied the court most of the day. Admiral Fullam was on the witness stand late in the afternoon, but did not finish his testimony, and will resume to-morrow.

The testimony read from the record showed the examination papers for the first, second, third and fourth classes in Spanish, to all appearances, were stolen, and that after this there was a general dissemination in the hands of friends of James Moss, of the third class, of "good dope" for all of these classes.

The main point brought out was that the superintendent of the academy and the board of inquiry held that the youths who used copies of these papers which Midshipman Moss had, and which it is claimed he received anonymously in a plain envelope, were more culpable than the youths who actually saw or used the originals.

RECENT GRADUATES WILL BE RECALLED

Six members of the graduating class who on last Friday received their diplomas and became ensigns were ordered called in for examination as to a mention of their names. Professor Charles V. Cusack, of the department of modern languages, who was named in the previous record, will also be called.

The record publicly developed for the first time that two of the seven men regarded as most seriously involved by the disclosures before the investigation board had not been recommended for dismissal. These were W. H. Harrison, Jr., Virginia, and D. E. Dunbar, Michigan, whose resignations were asked for.

A custom has grown up at the academy of receiving from professors advice concerning the most important part of the term's work. This is called "dope." Many midshipmen testified that they thought the information so generally disseminated was only this "dope." However, others admitted that when they got into the examination rooms they felt sure that they had advance copies of the examinations. Many of them had not reported it for they thought some of the upper classes should look to that.

REPLIES OF MIDSHIPMEN DIRECTLY ACCUSED

The record also brought out the replies of the midshipmen directly accused when they were asked to give reasons why they should not be dismissed from the service. One was that they did not know they were on trial, and had, indeed, at least in one case, been told by Lieutenant Albert Copen, detailed to represent them as counsel, that they were not on trial.

They also stated, as a reason for not being dismissed, that they were convicted on their own evidence and did not have an opportunity to cross-examine witnesses, and that they did not even hear this testimony.

Prior to opening the court there was obtained from Judge Harrison, of Virginia, father of one of the accused midshipmen, a set of regulations, which he said were adopted by the first class of the academy on graduation day. Mr. Copen, of counsel for the midshipmen, stated that this protest was to have been on the night of the June ball in the academy last Thursday night, but it was found impossible for some reason to deliver it.

KNOWN UNFAIR METHODS WERE BEING USED

The resolutions refer to Midshipman Ralph R. K. Nelson, of New York, who stood third in the graduating class. He was not accused of cheating, but it was charged he knew unfair methods were being used.

These charges were graduated last week, but are now being recalled to Annapolis to testify here.

G. C. Kriner, H. O. B. Hunter, H. H. Harrington, R. E. Adams, H. D. Clark and W. S. Hactor.

In his testimony before the court to-day, Superintendent Fullam was fully into his efforts to raise the standard of the academy.

strong support from an influential faction that has for some time held the belief that the board has not justified its creation.

The Jones resolution provides: "The committee of seven to be composed of the president of the Board of Aldermen and the president of the Common Council and of three members of the Common Council and two members of the Board of Aldermen, to be appointed by the respective presidents thereof, be, and the same is hereby constituted and charged with the duty of reporting by ordinance, to either branch of the Council, a form of city government to supersede and take the place of the present charter of the city of Richmond, and of any and all statutes concerning the government of cities and towns in anywise applicable to the city of Richmond."

"The said ordinance shall provide for the submitting of such form of government to the qualified voters of the city of Richmond at an election to be held and conducted and the result ascertained in the mode prescribed by law for the holding of special elections, and that the result of such election shall be certified and signed by the commissioners of election to the Council of the city of Richmond, to be acted upon by the said Council in the manner prescribed by law."

WHAT WARRING NATIONS CLAIM IN THEIR OFFICIAL STATEMENTS

French.

PARIS, June 7.—This afternoon's official statement follows:

"North of Arras last night there was an artillery engagement of extreme severity, particularly in the vicinity of Lorette, Ablain, the 'cabaret rouge,' near Souchez, the 'labyrinth' and Ecurie.

"The enemy in this sector delivered two counterattacks, each of which failed completely. One was against the sugar refinery of Souchez, which was checked by artillery fire, while the other was against part of the 'labyrinth,' which was driven back by our infantry.

"On the other hand, our forces have made further progress. We gained two-thirds of a mile east of the Chapel of Lorette, and in the central part of the work called the 'labyrinth' we advanced about 100 yards.

"This morning at 5 o'clock we delivered an attack, near Hebuterne, against the positions in the neighborhood of the Toutvent. Here we occupied along a front of 1,200 yards two successive lines of trenches; made some prisoners and captured some machine guns.

"North of the Aisne, not far from Meuseux-Toutvent, the enemy's counterattacks were continued throughout the entire night.

Throughout this intense fighting we retained our gains, at the same time keeping possession of the two lines of trenches captured by us from the enemy during the day.

"The endeavor to bombard Verdun, reported the day before yesterday, has not since been repeated. There is nothing to report from the remainder of the front."

The following official communication was issued by the War Office to-night:

"In the sector north of Arras violent fighting continues, and we are following up our progress. There has been an artillery engagement throughout the whole day without interruption and of a violent nature in the Fon-de-Buval, at Ablain, at Souchez, at Neuville and at Ecurie.

"At Neuville we continue the investment of the group of houses occupied by the enemy in the western section. At the 'labyrinth' we have directed on the center of the work attacks which are making progress, and we have reached at two points the central shelter of the position. Several counterattacks have been repulsed.

"To the north of the Aisne the enemy has multiplied his desperate efforts to recapture the two lines of trenches which we took from him yesterday. After having brought up re-enforcements in automobiles for a distance of eighty kilometers (about fifty miles), the enemy made a furious counterattack, but was completely repulsed.

"Two thousand German killed were left on the ground. We made 250 prisoners, among whom were an artillery officer and twenty-eight noncommissioned officers. We captured six machine guns, and many others were found under the ruins.

"We have destroyed by melinite the three 'seventy-seven' pieces which fell into our hands yesterday. They were down behind the second German trench which we occupied, and it was not possible to bring them into our lines.

"Between Souchez and Rheims we have cut down several local attacks and thrust them back about 100 yards in the wood to the south of Ville-au-Bois.

ner prescribed by an act of the General Assembly approved March 13, 1914.

FIVE CITIZENS TO SIT WITH COMMITTEE

"The said committee shall have the power, and is hereby authorized, to designate five persons who shall advise and consult with the said committee. Such persons shall sit with the committee at its several sessions, and shall have the freedom of the floor in all discussions that may be held before or by it, but shall have no vote, and shall serve without compensation.

"The said committee shall report to the Council with reasonable dispatch and in time for the submission of the form of government proposed to the voters and the subsequent action of the Council thereon, so that the same may be brought before the General Assembly when it convenes on the second Wednesday in January, 1916.

The City Attorney shall attend the sessions of said committee and give such aid and advice as may be requested by the committee or any of its members or as may be deemed proper and necessary by him."

WILL AWAIT COURT DECISION

Fire Board Defers Action on Petition to Store Explosives.

No action was taken last night by the Board of Fire Commissioners on the report of Chief W. H. Jones, of the Fire Department, concerning the storage of explosives within the city limits by the Richmond Forgings Corporation.

While no reason was given, it is understood that the board deferred action after learning that property owners in the neighborhood of the storage place of the high explosives with which the corporation had employed Attorney W. M. Justis to apply today to Judge Champ, of the Law and Equity court, for an injunction prohibiting the corporation from using its plant or storage warehouses within the city limits for housing explosives.

ROTARY CLUB TO MEET

New Officers Will Take Their Seats and Committees Will Be Named.

The Richmond Rotary Club will finish the stunts it had not time to complete on its anniversary night at the meeting to be held in the Business Men's Club tonight at 8 o'clock. The newly elected officers will take their seats, and President Thomas H. McAdams may announce the committees.

On Friday afternoon at 5 o'clock the club will visit the offices of the News Leader, and instruct every one on the plan of the club, and how to get out a paper. The whole plant will be turned over to the club, and the members will at least enjoy the pleasure of a new occupation.

"In Champagne troops brought by the Germans from their second line to their first line, possibly for an attack, have been repulsed.

"On the rest of the front there is nothing to report."

German.

BERLIN, June 7 (via London).—The War Office issued the following statement to-day:

"Western theater:

"The French renewed their attacks on the southern slope of Lorette hills during the afternoon and evening of yesterday. Their attacks broke down completely under our fire. Further attempts to attack during the night were stopped at the outset.

"The enemy attacked unsuccessfully this morning southeast of Hebuterne, east of Doullens. The battle has not yet come to a conclusion. A French attack, extending over the large front at Moulin-sous-Toutvent, northeast of Soissons, was for the greater part repulsed immediately. In only one place did the attack reach our trenches, for possession of which fighting continues.

"Our position at Vauquois was attacked yesterday. Notwithstanding the employment of incendiary bombs, which covered our trenches with slightly burning liquid, the French did not succeed in penetrating into our position. The enemy fled back into his own trenches, with heavy losses.

"Eastern theater:

"North of Kurschany our cavalry forced a passage across the Windau and advanced in a southeasterly direction. Southeast of Kurtowny and in the region east of Radwinski our offensive made good progress, and an additional 3,340 prisoners and machine guns fell into our hands. South of the Niemen the bank of the river has been cleared of all enemies as far as the line from Tolause to Sapiezyski.

"Southeastern theater:

"During the battles at Przemysl, 33,505 prisoners were taken.

"East of Przemysl the troops of the Teutonic allies continued their victorious battle. They drove back the enemy towards Wyszyn, north-east of Mieselska. Part of the army under General Linsengen has crossed the Dniester at Zurawna, and has taken the hill north of the eastern bank by storm. Further south the pursuit reached the Nowica-Kalusz-Tomaszow line. The number of prisoners taken has been increased to more than 13,000."

Austrian.

VIENNA, June 7 (via London).—The following official statement was issued to-night by the Austrian War Office:

"The attacks of the central Austro-German forces are making considerable progress north of Mieselska (Galicia). General Linsengen's army, after storming a bridgehead at Zurawna, gained a firm footing on the northern bank of the Dniester.

"In the battles near Przemysl more than 30,000 prisoners have been captured since June 1.

"In the southern war theater our frontier troops have been successful in several minor engagements. The Italians appear to be pushing forward with strong forces against the Isonzo."

WELL-KNOWN WOMEN WILL SPEAK HERE ON THURSDAY

Seek to Establish Virginia Branch of Congressional Union Will Read "War Brides."

A number of well-known women will speak here next Thursday at the conference of the Congressional Union, which is to be held at the Jefferson Hotel. One of these is Mrs. Donald Hooker, from Baltimore, the wife of Dr. Donald Hooker, a prominent physician and professor at Johns Hopkins University. Mrs. Hooker's chief claim to prominence is not, however, through her husband's honors, but her own. She is a member or officer in almost every female betterment and philanthropic organization in the city, and president of the Just Government League of Maryland. Mrs. Hooker will speak on State and Federal work, a subject on which she is particularly well informed.

Another very interesting feature of the conference will be a dramatic reading of Marion Craig Wentworth's "War Brides," by Miss Frances Wilson Grayson, of Warrenton, Va. This play, which created a tremendous sensation when played last winter in New York by the company of the same name, is the story of the quick marriages adopted by so many of the warring nations, and almost forced upon the women of the country. In Germany and England, especially, the practice has become very common, and many women, almost forced, to marry before the war, have been left, when they die in battle, fatherless babies, whose mothers have already mounted into several thousands.

TEST OF THAW'S SANITY

Will Be Ordered Unless State's Objection Is Upheld.

[Special to The Times-Dispatch.]

NEW YORK, June 7.—Harry K. Thaw will have his sanity tested before a jury, commencing on June 16, if the Court of Appeals does not uphold the State's objection. Thaw was brought before Justice Hendrick to-day, and stated that he was anxious to have his case settled at this term of court. Representatives of the Attorney-General's office said that the State would take at least three days to present its case. A large number of alienists will be called by both sides. It is expected that the decision of the Court of Appeals will be handed down before June 16.

Charged With Theft.

Virginia Logan, North Smith and Louis Lewis, all colored, were arrested by Detectives Atkinson, Smith and Bryant yesterday on a charge of stealing notions, valued at \$2.15, from the Cohen Company. The case will be heard in the Police Court this morning.

VILLA ASKS CARRANZA TO MEET IN CONFERENCE

Wants to Consider Questions Contained in Wilson's Recent Warning to Mexicans.

SUGGESTS NEUTRAL TERRITORY

Urges Truce to Prevent Further Sacrifice, Which Might Cause Intervention—Three Generals Formerly With Gutierrez Executed.

EL PASO, TEX., June 7.—General Villa has decided to ask General Carranza to agree to a neutral territory for a conference of questions contained in President Wilson's note, according to a telegram received by Enrique Perse, Villa's private secretary to Villa. The telegram was dated Aguascalientes to-day.

General Villa ordered his secretary to come from Chihuahua to Aguascalientes to draft the note to Carranza, says Colonel Rul, "and also the reply he will send to President Wilson." Villa's ministers reached Aguascalientes to-day.

The Rul statement relates that Villa decided to invite Carranza to agree to a truce to prevent further sacrifice in the republic which might produce intervention, that when Villa, in keeping with this suggestion, ordered his troops to retire, General Obregon started in pursuit, "bringing on a battle in the State of Leon."

THREE MEXICAN GENERALS EXECUTED BY INDIANS

BROWNSVILLE, TEX., June 7.—Three Mexican generals and ten other Mexicans connected previously with the army of General Gutierrez, were executed by Indians composing part of the Carranza army under General Gattuso, according to Carranza's advice made public in Matamoros to-night.

The executions occurred some time last week, according to the messages, that the three generals, accompanied by ten men, had been permitted by Gutierrez to withdraw from his army and start for the Texas border with 1,500,000 pesos with which to organize another revolution in Mexico. They were captured near Aldamas and promptly executed.

The list of executed included the following generals: Eugenio Aguirre Benavides, Julian Delgado and Guillermo Moran.

OFFICIALS CONSIDER STATUS OF CARRANZA

[Special to The Times-Dispatch.]

WASHINGTON, June 7.—The military successes of Carranza and his sudden activities in suppressing the other factions have brought sharply to the attention of the administration officials the question whether he is eligible as President Wilson's recent note.

All officials who discussed the question to-day said that the President's note did not exclude Carranza as one of the eligibles. One of the highest officials said, however, that it was not known how far the President would take into consideration the long series of obstructions which Carranza had made to the policies of the administration.

In other words, the suggestion was made that even though Carranza should sweep the field and become the one man of Mexico, the President might have objections to him on high moral grounds.

The news of the defeat of Villa by Obregon was received at the State Department this afternoon from Consul-General John R. Silliman at Vera Cruz. Mr. Silliman says that the bells of Vera Cruz "were rung upon receipt of the news of General Obregon's victory."

This defeat of the two ablest leaders of one faction in Mexico, officials say, means that Carranza, who will lose no time now in capturing and imprisoning the city. After that, it is expected, Carranza, in order to increase his prestige and claims for a recognition, will transfer his capital from Vera Cruz to the national capital and begin to deal with the diplomatic corps.

Dispatches to the department to-day say that 300 men and 1,500 women and children were to leave Mexico City to-day on a special train. This estimate of the number made by the Brazilian minister, although Consul John R. Silliman, in a dispatch, said that a number desiring to leave is about 600, and that half of the number are women and children. The special train will proceed from Mexico City to Tlaxcala. From there the refugees will have to go by caravan twenty-eight miles to the other side of the break. The train will be in charge of American Consul-General Shanklin and officials of the British legation.

CONVENTION SESSIONS SCENES OF DISORDER

[Correspondence of Associated Press.]

MEXICO CITY, May 22.—For the last three days the sessions of the so-called national convention in the Chamber of Deputies building have been scenes of wildest disorder.

Not only the galleries, but at times the floor and the speakers' tribune, have been rushed by hordes of hungry men, women and children.

The shouts of "We want corn!" drowned all others, and even the show of bayonets and the firing of the soldiers over the heads of the mob have not checked their vain and piteous search for food.

The Red Cross has been kept busy carrying off women and children, and in some cases old men, crushed or overcome in these manifestations.

Ten thousand gathered outside of the chamber to-day, and nearly 300 were carried off on stretchers. Acting President Garza appeared before the convention delegates and a portion of a mob to tell them that the treasury was empty and the fields laid waste by the contending revolutionaries, and that the only hope for the coming winter was that all Mexicans lay down their arms and begin tilling the fields. Repeatedly the crowds answered him, saying "Give us corn! Our women and children are dying of hunger. Give us corn!"

SMALL SUPPLY OBTAINED FROM RELIEF COMMITTEE

A comparatively small supply was obtained from the foreign relief committee, and this assuaged the wants of the day. The crops everywhere are short, and in all but five of the twenty-seven states of Mexico there is a want already, with the new harvest many months away and mythical because to a large extent unplanted. Even states as productive as Morelos and Guanajuato are calling for corn, while armies turn their cavalry into anything green to be found and kill cattle and other farm animals for their hides.

A semi-official Petrograd statement last night said the Russian warship Yenisei had been sunk in the Gulf of Riga by a German submarine. The Amur, a mine-layer of 2,926 tons, was a sister ship to the Yenisei, and the names of these vessels may have been confused, apparently one of them having been sunk.

GERMAN SUBMARINE SINKS BRITISH SHIP

LONDON, June 7.—A dispatch from Aberdeen says the British steamer Star of the West has been sunk by a German submarine. A trawler brought the crew into Aberdeen.

The Star of the West was a very small ship. She was of sixty-four tons and 113 feet long, and was owned in Aberdeen.

TRAWLER ARCTIC SUNK WITHOUT WARNING

LONDON, June 7.—The trawler Arctic has been sunk in the North Sea by a German submarine. Five members of her crew were rescued, but four lost their lives from the shell fire of the under-water boat.

Among those killed was the skipper of the Arctic, whose head was blown off while he was helping to launch a boat in which the survivors escaped under cover of fog. The submarine, it was asserted, gave no warning before firing on the Arctic.

CAPTAIN AND CREW ALLOWED TO ESCAPE

LONDON, June 7.—The British bark Sunlight, 1,288 tons, has been sunk by a German submarine. The captain and crew arrived at Queenstown to-day. They said they were rescued by a British submarine. The Sunlight was en route for Santo Domingo, May 1 for the Clyde.

GERMAN ARMED STEAMER DESTROYED BY SHELL FIRE

LONDON, June 7.—The German armed steamer Horvan von Wissman has been destroyed near Spitzkoppen, according to a statement given out this evening by the British official press bureau. The statement says the Herman von Wissman was destroyed by shell fire of the British naval force. The steamer had been lying in Lake Nyasa, South-east Africa, since her disablement by the Nyasaland steamer Gwendolyn last August.

Spitzkoppen is in German territory on the eastern shore of Lake Nyasa. It was bombed and captured on May 30. The Germans were driven out with considerable loss by a bayonet charge. The only British casualty was one man slightly wounded.

FRENCH MINE LAYER HITS MINE IN BAY

PARIS, June 7.—The Ministry of Marine to-day gave out the following: "The French mine layer Casablanca has struck a mine at the entrance of a bay in the Aegean Sea. The captain and another officer and sixty-four sailors were picked up by a British torpedo-boat destroyer. It is possible that other survivors may be able to reach the coast, where they may have been taken prisoners by the Turks."

The French mine layer Casablanca was of 195 tons and 252 feet long. She had a complement of 128 men.

DRYS LEAD IN MINNESOTA

At Least Ten of Twelve Counties Expected to Vote Saloons Out.

ST. PAUL, MINN., June 7.—Early returns to-night from the twelve counties that voted on the saloon question under the new county option law to-day indicated that perhaps ten counties would enter the "dry" lists. Both of the factions claimed victory in the others.

REPUBLICANS ELECTED

Gives Them Control of Illinois Supreme Court.

CHICAGO, June 7.—Republicans elected four out of five members of the Supreme Court voted for at the judicial election in Illinois to-day. The election ended the Democrat majority in the court, which came last February for the first time in years, when Governor Dunne appointed Democrat to fill a vacancy caused by death.

The court now stands four Republicans and three Democrats.

N. Clarke. The man was driving car No. D 172, and is said to have been running at a rate considerably in excess of the speed limit. He was taken before Justice Crutchfield to-day.

Jack Benton was another automobilist arrested last night. He was charged by Policemen Stanley and A. M. Smith with carelessly and recklessly running an automobile through the streets, and will be arraigned in the Police Court to-day also.

Two indictments were returned by the Hustings Court grand jury yesterday against W. H. Dewitt, alias J. H. The grand jury returned a true bill against David Noll, charging him with the murder of Michael Fahad. The latter was fatally stabbed in a bar-room brawl last Monday night. Calamel Seldom Sold Here Now

Nasty drug salivates, makes you sick and you lose a day's work.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calamel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calamel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back."

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night, and wake up feeling fine; no biliousness, sick headache, acid stomach or
